

Our Assessments Are Mapped To A Developmental Life Stages Approach As Follows:

SCI-BONO
DISCOVERY CENTRE
SCIENCE CAREER CENTRE

**Psychometric
Assessment Services**

Discovery | Clarity | Growth

	Why Do We Do It?	Who Is It For?	Areas Of Application
 EARLY CHILDHOOD DEVELOPMENT	<p>"Rapid development takes place in early childhood, and this plays a key role in determining whether a child will reach his/her full potential."</p>	PRE-SCHOOLERS	<p>SCHOOL READINESS Our School Readiness assessment services assess the critical indicators (physical, cognitive, psychological and socio-emotional) that determine maturity or readiness to benefit from formal education.</p>
 SCHOLASTIC	<p>"Many children experience difficulties within the classroom which can significantly impact on their progress. In this case, early intervention provides better outcomes."</p>	GRADE 1 – 12 AND OUT OF SCHOOL YOUTH	<p>LEARNING BARRIERS Our assessment services focus on better understanding scholastic performance issues. Neurodevelopmental assessments (e.g. ability, attention deficit/hyperactivity disorder and specific learning disorders amongst others) are carried out with the aim of recommending appropriate interventions.</p> <p>ASSESSMENT ACCOMODATIONS / CONCESSIONS Our assessment services focus on better understanding specific learning difficulties that compromise examination performance with the aim of providing supporting evidence to special accommodations / concessions applications.</p>
 CAREER	<p>"As we spend most of our adult lives working, a good fit between person and career will significantly contribute to the individual being fulfilled and content in the workplace and in their career."</p>	GRADE 1 – 12 AND OUT OF SCHOOL YOUTH	<p>SUBJECT CHOICE Our Subject Choice Assessment services focus on enabling Grade 9's to make informed subject selection decisions.</p> <p>CAREER CHOICE Our Career Choice Assessment services focus on enabling students and out of school youth to gain insight into their strengths and challenge areas with the aim of making informed study and career choices.</p>
 WORKPLACE	<p>"Selecting and training the wrong employee is costly to organisations, just as being selected for the "wrong" job has far reaching consequences for the employee. Workplace assessments serve to enhance talent management decision making."</p>	WORKING ADULTS	<p>SELECTION (Employment, Bursaries, Learnerships) Our Organisational Selection Assessment services focus on enabling key decision makers to make fair and objective selection decisions based on required role behaviours and competencies.</p> <p>CAREER TRANSITIONS With professional mobility becoming increasingly common, finding and moving into a new career can be a daunting process. Our Career Transitions assessment services focus on enabling the individual to gain clarity of self, and a vision of what they want and how to get there.</p>

What Can You Expect?

A qualified and professional multi-disciplinary team, consisting of an Educational Psychologist, Registered Counsellor, Psychometrist (Independent Practice), and intern team members, are on site to guide you through the assessment process.

How Does It Work?

Our team delivers assessment services:

- In-house by appointment.
- Off-site out-reach at schools and within community settings, by prior arrangement.

When Does It Happen?

The Science Career Centre at Sci-Bono is open weekdays between 08h00 and 16h00.

How Much Does It Cost?

Cost to be advised based on your individual circumstances and needs.

Every individual's life consists of a progression through various life stages, and each equally important life stage poses its unique challenges.

But, what happens when an individual struggles to overcome these challenges?

Our assessment services are mapped to a developmental life stages approach. This allows us to meet the client where they are, and according to their unique needs, thus allowing them to manage challenges and achieve their full potential.

Additional Services

- Short advisory consultations.
- Career guidance and counselling.
- Counselling and therapy.
- Parental guidance and support
- Various workshops such as subject choice, study skills, life skills and learning styles.

The Electronic Assessment Centre can be rented at a fee to clients who want to conduct assessments of up to thirty (30) people.

Our Electronic Assessment Centre (EAC)

We are very proud of our new, state of the art Electronic Assessment Centre (EAC) which provides our Science Career Centre clients with an electronic assessment system experience. The system significantly:

Increases the number of learners that can be assessed,

Reduces test administration time, and

Improves the turnaround time of assessment results.

We look forward to welcoming you!
